

Centerville DestiNation ImagiNation
135 Goldengate Dr
Centerville, OH 45459

DestiNation ImagiNation is an academic, school-based program that promotes the teaching of creativity, problem-solving and team work among students of all ages. DestiNation ImagiNation is active in almost every state and over 16 countries.

Working under the guidance of volunteer managers, teams develop solutions to their challenges and are given the opportunity to test their creative solutions against those of other teams. In competition, teams are judged in three areas: their long-term challenge, the style of the solution and its overall effect, and the solution to an "instant" challenge given to the teams on the day of competition. Regional competitions are held in March at Sinclair Community College.

Over 200 children in Centerville City Schools will participate in the Regional competition. During this tournament, every one of those children will wear a Centerville DI t-shirt. We are looking for sponsors to help defray the cost of t-shirts and raise money to support our program.

If you or your company were to make a contribution of \$250 to Centerville DI, your name or logo would appear on our shirts as a supporter of children's education. In addition, you will receive a free t-shirt to display in your business, recognition as a proud sponsor in our program, and acknowledgement on our website, www.centervilledi.com.

Not only will your contribution go a long way in supporting this worthwhile program, but your company will receive advertising on over 200 shirts. Please consider sending a donation of \$250 to Centerville DI at the above address. If you need further information, please contact me at anytime. You may reach me by email at deegordon@roadrunner.com.

Thank you for your consideration.

Sincerely,
Dee Gordon
