

CENTERVILLE DI REGISTRATION FORM 2018-19

- Please fill out one form for each participant in your family and return the form (with payment) to your Team Manager.
- **It is preferred to have a separate check for each child in your family.** However, we understand there are certain circumstances where you may prefer to write one check per family (i.e., family max reached). If you prefer to write one check for your entire family you may, but each child still needs to return a form to their Team Manager and include specific notes in the note section of which child on which team has the check. The child that turns in the check should include specific notes in the note section of who the check is including.
