

# Special Needs Team Parent Info & Placement Session

**Destination Imagination (DI)** is a project-based learning program designed to complement K-12 education. Challenges are STEAM-based in science, technology, fine arts, engineering, mathematics, and service learning. While problem-solving their chosen challenge, students work on both fine & gross motor skills, while fostering teamwork, building friendships, and learning life skills.

**We need ALL interested families to have at least ONE PARENT on the Zoom call (even if you haven't completed your registration yet) so we can gauge interest, answer questions, & see how many volunteers we have for team formation!**

**Centerville DI has had Special Needs teams the last seven years - help continue the tradition & volunteer!**

**Zoom link for meeting can be found at:  
[www.centervilledi.com](http://www.centervilledi.com)**

**Attend a Zoom session to verify interest & help set up teams!**

**Time:  
7:00 pm**

**Day/Date:  
Monday, 9/13/21**

**Location:  
ZOOM!**

**Check DI website for Zoom link!**
